Prisons Reforms - Recommendation No. 357
Training of Warders Staff in the B.C. Jail.

1 Pris 20-43-10

C. O. M. P 1032-42 Dated 12-8-'44

To
The I.G. of Prisons in Mysore -
The D.C's of Districts
The Comptroller thro. F.D.
Copy to the Supdts. Central Jail (and
Mysore Jail (

H. C. Seetharam
8/10-9-44

In paragraph 78, 79 and 80 of Chapter XIV of their Report, the Prison Reforms Committee make the following recommendations in regard to training etc., of the Warder Staff:-

1) They suggest that men appointed as Warders for the first time should be on probation for six months prior to confirmation and that all Warders should go through a course of training before being posted to a Jail for duty, in the provisions of the Jail Manual the guarding of prisoners in buildings, drill, physical training, musketry etc.,

This is not clearly expressed. MM

The Inspector General of Prisons states that he agrees with the recommendations of the Committee, but that the Warders must be on probation for one year.

No information is available as to the present system of recruitment to the Warder Staff and whether they are now made to undergo any training etc., If approved, the Inspector General of Prisons will be requested to furnish information as to the present arrangement for recruitment of the Warder Staff, whether those recruited are kept on probation for any period before confirmation and whether they are made to undergo any training in the matters referred to by the Committee.

Yes a rule of probation has been made & the Corps involved is for particulars connected with the training &c

2) The Committee next propose that there should be a training school for the subordinate Jail staff like the Police Training School, and that till such an institutic is started, candidates recruited in Mysore should be sent to the Training Schools in some of the British

2)

3252/43
P

Indian Provinces.

The Inspector General of Prisons states that it is not necessary either to have a separate Training School in the State or to send the recruits for training to any of the British Indian Provinces and that one of the officers on the upper subordinate establishment may be entrusted with the work of training the recruits with a small allowance for the extra work done by him.

He will be requested to intimate why he considers the opening of a separate Training School to be unnecessary and what allowance he proposes to be given to the Officer entrusted with the work of training the recruits and the period of such training.

3) The Committee state finally that there is good reason to think that the more or less common ignorance of prison rules on the part of the Warder Establishment leads to many prison offences being tolerated or connived at, and they therefore suggest that it will be useful to place in the hands of Warders a detailed catechism in the vernacular ~~detailing~~ dealing ~~dealing~~/in simple language with their duties and functions, the standard of behaviour expected of them and the action to be taken in emergencies. The Inspector General of Police has not furnished his views in respect of this part of the recommendation and he will be requested to do so.

The I G of Prisons

No P. 3079 dated 5-11-43

Calls for information and his opinion in regard to the training of warders

Sir,

I have the honour to refer to your Letter No 532-474 dated 28th April 1943 submitting proposals for the training of warders in the routine work of the jail & submitted for orders. The proposals are calculated to improve the efficiency of the warder staff by giving them training in the work of the jail. At present no training whatever is given to the warders with the result that many of them will have to put in one or two years of service & pick up haphazardly what they are expected to do as warders. In such a condition of affairs, they cannot be held responsible for what they do or do not know.

2. The Finance Deptt may be consulted.

7) The Prison Reforms Committee were of opinion that the Warder staff is filled with men of indifferent stamp the leavings of other services uneducated, ill-trained

Leavings ?

6 NOV. 1943

unreliable and inclined to corruption, subserviance and tyranny. As a measure towards improving the Warder staff in the Prisons in the State, the Committee suggest that all Warders should go through a course of training comprising instruction in the provisions of the Jail Manual, guarding of prisoners and buildings, drill, physical training, musketery etc., before being posted to a Jail for duty. The Committee further recommend that there should be a Training School for the Subordinate Jail Staff like the Police Training School, and that till such an Institution is started candidates recruited in Mysore should be sent to the Training Schools in some of the Provinces.

8) The Inspector-General of Prisons, who was consulted in this recommendation states that the training given to the Warders under the existing arrangement is inadequate and not satisfactory, and that they should be made to go through a period of intensive training. He, however, thinks that it is unnecessary to have a separate Training School, as suggested by the Committee and proposes to get all the warders as well as the recruits trained by a system of rotation in the Central Jail, the course for each batch extending over a period of 4 months. The work of training is proposed to be entrusted to the Chief Jailor, the Deputy Jailer and the Drill Instructor, to whom it is proposed to give an allowance of Rs.25/-, 15/-, and 10/- respectively for the extra work involved.

15) The G.O.P's opinion may be accepted

21) PW 23 & 24 2.6.44

9) The daily routine of instruction which is proposed to be given includes Squad and company Drill and musketery, physical exercises, lathe drill and teaching

teaching of the provisions of the Jail Manual.

10) The Committee suggested that a person should not be appointed as a Warder unless he had passed atleast the Lower Secondary Examination in English. The Inspector-General of Prisons proposes to replace the existing illiterate hands by literate ones, and fill up future vacancies by persons who posses a fair knowledge of English or Kannada or have passed the Lower Secondary Examination.

16) This is a practical solution. May be accepted. W. 22-6-44

22) PW

11) The Committee suggested that men appoined as Warders for the first time should be on probation for 6 months prior to confirmation. The Inspector-General of Prisons is of opinion that ~~there~~ they should be on probation ~~a provision~~ for one year.

17) The G. & P.'s opinion may be accepted.

23) PW. W. 22.6.44

12) In view of the need of having an efficient Warder staff, which is the back-bone of the Prison Administration, the Inspector-General of Prisons's recommendation may be approved. They involve a small additional cost of Rs.50/- only per mensem which is to be distributed among the upper subordinate staff for the extra work done by them.

13) The prisons Reforms Committee next observe that the Warder staff is ignorant of the Prison Rules and suggest that a detailed catechism in the vernacular may be placed in the hands of all Warders dealing with their duties and functions. The Inspector-General of Prisons has submitted a catechism written by Mr.T.M. Ameer, Superintendent of the Mysore Jail, and requests ~~that~~ sanction to get it printed in the Jail Press. Th catchism appears to be a suitable one, and permission to get it printed in the Jail Press may be granted.

18) This may be approved W. 22.6.44

24) PW 22.6.44

The Inspector General of Prisons in Mysore,

Bangalore.

Sir,

I am directed to invite reference to your views on recommendation No. 357 of the Prison Reforms Committee in regard to the training etc., of the Warder staff and to request you to be so good as to furnish information in detail in respect of the following:-

1. The present arrangement for the recruitment of the Warder staff, whether those recruited are kept on probation for any period before confirmation and whether they are made to undergo any training at all in the matters referred to by the Committee.

2. Why it is considered that the opening of a separate training school is unnecessary and what allowance you propose to be given to the officer entrusted with the work of training recruits, the period of training and the courses to be comprised in such training.

I am to request you also to kindly furnish your opinion in regard to the suggestion of the Committee that it will be useful to place in the hands of Warders a detailed catechism in the vernacular dealing in simple language with their duties and functions, the standard of behaviour expected of them and the action to be taken in emergencies.

The favour of an early reply is requested.

I have the honor to be,
Sir,
Your most obedient servant,

for Secretary to Government.

(2

Extract from the recommendations of the Prison Reforms Committee and the views of the Inspector General of Prisons thereon:-

Recommendation No. 357.

Men appointed as Warders for the first time should be on probation for six months before confirmation. All Warders should go through a course of training before being posted to a Jail for duty.

The views of the Inspector General of Prisons thereon:-

I agree, but they must be on probation for one year.

Committee's recommendation:

There should be a training school for the subordinate jail staff. Till such an institution is started, candidates recruited in Mysore should be sent to the Training Schools in some of the British Indian Provinces.

The views of the Inspector General of Prisons thereon:-

It is not necessary either to have a separate training school in the State or to send recruits for training in any of the British Indian Provinces. One of the officers of the Upper Subordinate Establishment may be entrusted with the work of training the recruits and they may be given a small allowance for the extra work.

Committee's recommendation:

It will be useful to place in the hands of all Warders a detailed catechism in the vernacular dealing in simple language with their duties and functions, the standard of behaviour expected of them and the action to be taken in emergencies.

The views of the Inspector General of Prisons thereon:-

Date 28th April 1944.

M.I.G. Pris. 20-43-9

The Legal Rememberancer & Secretary to the Government of His Highness the Maharaja of Mysore, Law Department, Bangalore.

Sir,

With reference to your letter No.P.3097 dated 5th November 1943 calling for detailed proposals on the recommendation made by the Prison Reforms Committee under para 357, Chapter XIV of their report, I have the honour to state as follows :-

1. Under the present arrangement, warders for the Jails at Bangalore and Mysore are appointed by the Superintendents and for Lockups, by the Deputy Commissioners concerned. Persons recruited as warders in the Jails are given training during the course of their daily routine. They are trained in Squad and Company Drill and the use of Arms. The members of the Upper Subordinate Establishment impart oral instructions to them during weekly parades regarding their duties and functions. They are generally kept on probation before confirmation. The training given to the warders under the existing arrangement is inadequate and not satisfactory. It is necessary that as in the case of Police Constables warders in Jails and Lockups should be made to go through a thorough and intensive course of training during a fixed period.

Many of the warders now on the Prison Establishment are illiterate and are unable to realise their duties and responsibilities. These men should be gradually replaced by literate hands. Future vacancies should be given only to such men as possess a fair knowledge of English and Kannada or as have passed the Middle or the Lower Secondary Examination and their prospects improved as per suggestions made by me against paras 352 and 353, Chapter XIV, of the Committee's Report.

2. A separate training School for warders is considered unnecessary for the following reasons :-

i. The number of warders to be trained is very small.

ii. A separate tutorial staff for the purpose would be disproportionately costly.

iii. Sufficient training as contemplated in the report on Prison Reforms can be arranged for through the existing staff of the Central Jail.

25 warders (6 from the Central Jail, 5 from the Mysore Jail and 2 from each of the 7 District Lockups) may be trained at a time. Each batch may be trained for a period of 4 months and the training may be given in the Central Jail. The warders selected from the Mysore Jail and the District Lockups may be replaced temporarily during the period of training, by trained men to be let from the Central Jail so that work in those institutions may not suffer. The daily routine for the trainees may be as follows :-

4)

1. Squad and Company Drill and Musketry for one hour from 8 to 9 A.M.

2. Guard duty within the Jail for three hours from 9-15 A.M. to 12-15 P.M..

3. Interval of two hours for meals and rest between 12-15 and 2-15 P.M.

4. Instructions regarding their duties and functions, the standard of behaviour expected of them, the guarding of prisoners and Jail buildings, the action to be taken in emergencies, and the teaching of the provisions of the Jail and Lockup Manuals and the other aspects of Jail administration, for an hour and a half from 2-15 to 3-45 P.M.

5. Physical exercise and lathi drill for one hour from 4 to 5 p.m.

Persons newly appointed as warders and trained on the above lines may be kept on probation for one year from the date of their appointment. The Chief Jailor, the Deputy Jailor and the Drill Instructor may be given an allowance of Rs.25/-, 15/-, and 10/- respectively for the extra work involved.

It is obsolutely necessary that each warder should be -- supplied with a detailed catechism in the vernacular dealing with his duties and functions. I submit herewith the catechism written in Kannada by Mr.T.M.Amir, Superintendent, Mysore Jail. I find that this booklet is sufficiently instructive and I request sanction to get it printed at the Jail Press so that every literate warder may be supplied with a copy immediately.

I have the honour to be,
Sir,
Your most obedient servant.
